

Ko te tumanako me haere tahi tatou Hope moves us forward together

Sonja Eriksen

Tēnā koutou. Ko Mt Dandenong te maunga. Ko Port Phillip Bay te awa. Ko Qantas te waka. Ko Sonja Eriksen toku ingoa. No ahiti reiria ahau, engari kei Aotearoa toku ngakau! Sonja brings significant experience with an extensive background in nursing, research and lecturing across the health and disability sector both as lived experience partner; as a Research Fellow at the University of Otago School of Medicine and as consultant for multiple government agencies and NGOs, before moving to MSD a year ago as the Principal Disability Advisor. As part of this role, she leads a number of cross-government networks and services which work to increase accessibility for our disabled and tangata whaikaha Māori populations.
