

# NZ WOMEN IN MEDICINE CONFERENCE 2024

Ko te tumanako me haere tahi tatou  
Hope moves us forward together

## Dr Lara Hopley

Lara is a specialist anaesthetist who has been drawn into clinical information management and the associated skill sets to make patients and clinicians lives better. She cut her teeth in the Northern Region where she engaged in multiple regional and national projects including electronic orders, regional repositories for results and documents, and patient administration systems. She is now still working as an anaesthetist and as the Chief Clinical Informatics Officer in Health New Zealand – Te Whatu Ora in the Data and Digital area alongside people with wonderful skills. She heads a team of 60ish people all of whom come with equal skill and determination to continuously improve our working lives through technology.
