

NZ WOMEN IN MEDICINE CONFERENCE 2024

Ko te tumanako me haere tahi tatou
Hope moves us forward together

Samuel Jull

After years of life challenges, Sam was finally assessed for ADHD as an adult through a free publicly-funded clinic. Effective treatment helped him to turn his life around, and Sam is now thriving and studying to become a peer support worker. He is passionate about the importance of timely and affordable access to care for mental illness and substance use disorders for all New Zealanders.
